

Statement on recalled Baby Trend Home and Roam and Baby Express portable cribs/play yards

Following another report of a death, CPSC and Baby Trend, Inc. of Ontario, Calif. are reminding consumers to search for recalled Home and Roam and Baby Express portable cribs/play yards. These cribs/play yards can collapse and entrap an infant. In June 2001, an 8-month old baby boy in Seattle, Wash. strangled when his neck was caught in the V-shape created by the collapsed sides of a Home and Roam play yard. There have been four other deaths and three reports of babies found not breathing (who were revived) associated with these products.

The instructions for getting a **free replacement** can be found in CPSC's [February 2001 re-announcement](#) of the Baby Trend play yard recall.
